zipForm® Plus Broker Edition

zipForm[®] Plus Broker Edition allows real estate professionals to work efficiently, accurately, and professionally throughout the real estate transaction process in a collaborative manner.

Administration Tab

Welcome to your zipForm[®] Plus Administrator account. zipForm[®] Plus offers many powerful tools to allow administrators to manage their accounts. Administrative features may be accessed at any time by hovering over the *Administration Tab* at the top of zipForm[®] Plus. The Administration tab allows you to access the office Dashboard and Reports, open the agent and office roster, establish teams, and send Broadcast messages to all or specified account users.

This guide will identify the tools needed to set up your brokerage account, manage users, toggle inside & out of transaction files all while staying organized.

Dashboard

The **DASHBOARD** gives users an enhanced snapshot of their business to help easily manage transactions with confidence. With this suite of tools and widgets, offices can transform their business activities into useful, comprehensive data.

The Dashboard is made up of different widgets that helps the office better manage transactions in the following areas:

- ✓ Monthly Transaction Charts
- ✓ Recent Transaction Status and Approvals
- ✓ Current Transaction Activity
- ✓ zipTMS[™] Weekly Tasks
- ✓ Quarterly Performance Snapshot
- ✓ Account Information
- Property Type
- ✓ Listing Map
- ✓ Transaction Values

Dashboard data will display according to how agents input information in their Transaction files.

Question mark icons on the left side of each section provide Help information on the criteria needed to populate each widget on the Dashboard.

User List

The **USER LIST** is comprised of zipForm[®] Plus users who have been assigned various roles within your Brokerage account. There are multiple Administrator profiles and agent preferences available within the platform:

To add agents to your new account, click on "Admin" and click on "Users" from the drop down.

Office List

The *OFFICE LIST* grants Broker Administrators the ability to add office locations to their account. Once added, the offices will be accessible in the Dashboard, and Reports for individual locations as well as companywide reports can be run by the Broker to stay on top of all pertinent statistics. Permissions can be activated when creating new offices.

CALIFORNIA ASSOCIATION OF REALTORS®

Team List

Brokers can add Team accounts within the Broker Edition account. This allows the brokerage oversight on Team transactions, while providing Team members access to each other's transactions. Teams can have varying roles within their Team account, supporting a smooth work flow. Brokerage templates and libraries are still available and can be required for team members within their Team Edition. zipForm® Plus Team Edition offers the flexibility and versatility that real estate teams offer their clients. Eliminate the repetitive paperwork with zipForm® Plus Team Edition.

* The zipForm[®] Plus Team Edition is an add-on to your Broker Edition of zipForm[®] Plus. For more information on the Team Edition visit <u>https://www.car.org/en/zipform/brokers/team</u> *

Broker Templates

You can create and apply Brokerage Templates inside the zipForm[®] Plus Broker Edition. A Template includes the desired Parties, Documents, and Checklists that your agents can apply to their transactions. By creating a template, you save time and reduce risk by ensuring that the correct documents are applied to a transaction every time.

1. Log in to your zipForm Plus account. Select the **Template** tab, then select **New** to create a template.

2. Select a template type to get started

3. Create a Template name, specify the property type, office and Auto Apply options. Save your selections.

Name		
Enter Template Na	ne	
Property Type		Scope
Residential	Commercial	Agent
 Industrial 	🔵 Vacant Land	Global
O Multiunit	 Farm and Ranch 	Office
Condominium	Manufactured Home	
Auto Apply		
💿 Do not automati	cally apply this template to new transactions	
 Automatically ap 	ply this template to Listing/* new transaction	ns
 Automatically ap 	ply this template to all new transactions	
Compliance Options		
Allow agents to edit a	nd delete items applied from this template?	Yes
Select Template		
Select Template		

4. The template is now saved.

5. Add forms to your template by selecting from the library list at the right, or add external documents and placeholders as needed. Forms from your Brokerage Library may be added to Global, Office or Agent templates.

zipTMS® Secure Online Transaction Management System

Keep all of your sales files organized and available anytime. zipTMS® allows you to work with your office, track tasks, complete contracts, and manage important documentation from one easy location.

The Tasks page in zipForm[®] Plus is where users will find all of their upcoming, current, and past tasks in a Calendar, Checklist, or Status Board view. Administrators can use this to see all of the tasks from each user in the Broker Edition account. All of the tasks displayed are generated from the Checklist tab inside Transaction folders.

Message Center

Ever need to get an important message out to your entire brokerage? The **MESSAGE CENTER** allows administrators to broadcast messages to a particular office or to the entire brokerage. Messages will appear in the Notification area on both zipForm® Plus and zipForm® Mobile platforms. They can also be set to appear in a window that will display when the user signs into their zipForm® Plus account. To compose a new message, simply click the *Add a heading...* field and begin typing, or click the *Compose New Message* button. Compose the message like any email other message utilizing the available formatting buttons on the toolbar. To have old messages displayed, click the *Include Archived Messages* box.
